

CHRIST CHURCH UNITED METHODIST

Making Disciples of Jesus Christ for the Transformation of the World

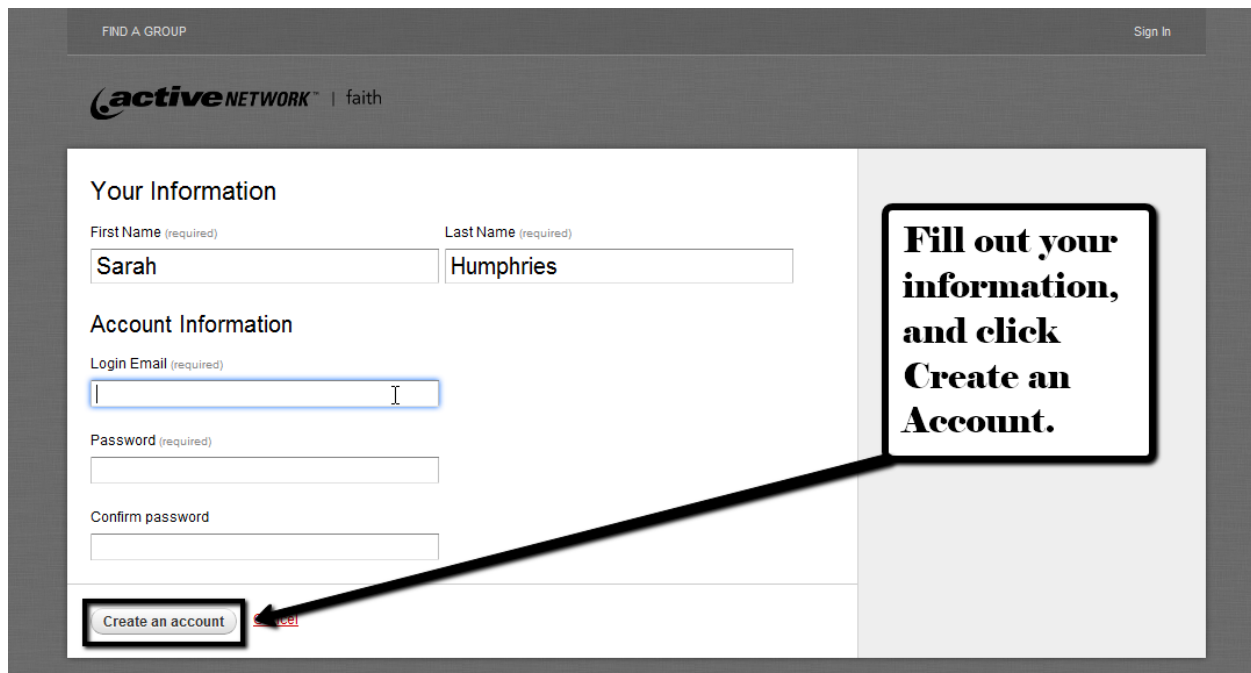

Step 1: Go to <http://ccumtwtx.infellowship.com>

Links to the inFellowship Giving pages are also available on Christ Church web site from the 'Give' page.

The screenshot shows the login page for activeNETWORK. It features a 'Login' section with input fields for 'Login' and 'Password - forgot?'. Below these is a 'Remember Me' checkbox and a 'Sign in' button. A callout box with a black border and white background points to the 'Sign in' button, containing the text 'Click here to create your account!'. Another callout box points to a link that says 'Don't have an account? Sign up!'.

Step 2: Fill out the basics, create the account.

The screenshot shows the account creation page for activeNETWORK. It has two main sections: 'Your Information' and 'Account Information'. 'Your Information' includes fields for 'First Name (required)' (filled with 'Sarah') and 'Last Name (required)' (filled with 'Humphries'). 'Account Information' includes fields for 'Login Email (required)', 'Password (required)', and 'Confirm password'. A 'Create an account' button is at the bottom. A callout box with a black border and white background points to the 'Create an account' button, containing the text 'Fill out your information, and click Create an Account.'.

A single login email address can be associated with only one individual. If you want to be listed in the online church directory or have access to your individual groups, you will need to set up an account with a unique email address. We recommend that you to use an active email address you have previously provided to the church. This will help with the account verification process. You can change always change your login email after your account has been confirmed.

Registering with a login email address does not alter the email address you have on record for church email communications.

Note: Examples use a sample church. The actual web site has been customized for Christ Church.

Step 3: Check your email for the verification email.

Step 5: From your home page, go to Your Giving.

Step 6: Give Online!

Note: If you do not see donations listed on your giving history, please wait a day or so and check back. The system uses the email address verification and other personal data to secure access to an individual's membership information. In some cases the account confirmation process requires an additional manual verification to confirm identity before providing access to the system. If after a couple of days you do not see your giving history, please contact us.
